

The Machin Specialists

offering a rare combination of comprehensive stocks & expert knowledge — and we are keen to buy

We only deal in Great Britain, mostly in material from 1967, and over 25 years have become one of the world's leading dealers in specialised definitives and related material. However, we also have a reputation for dealing in important Castle stamps – including those from the earlier Wilding era.

Something to sell?

So, if you have something of this ilk to sell – then we are the people to speak to (and we can offer immediate settlement).

Our client list is large and includes collectors of many things, so we are keen buyers of an array of material: recent finds of new printings, important cylinder blocks and booklets, new (and older) errors and varieties, entire collections – and unique and previously unrecorded rarities.

Therefore, if you have a one-off item to offer, a small accumulation, perhaps a collection built over many years, or just a recent lucky find of one item (or a significant quantity), there is a good chance we will be interested (but if not, then its more than likely we can put you in touch with somebody who is)!

Complete discretion from the professionals

A modern firm with traditional values, and a reputation which is second to none.

UK or overseas; make contact with us now.
