

The Machin Specialists

offering a rare combination of comprehensive stocks & expert knowledge — for 25 years

We only deal in Great Britain, mostly in material from 1967, and over 25 years have become one of the world's leading dealers in specialised definitives and related material. However, we also have a reputation for dealing in important Castle stamps – including those from the earlier Wilding era.

For the specialist collector

Our stock is comprehensive, spans over 35 years, includes all formats, errors and varieties – so we may be able to supply that elusive stamp, rare printing or exhibition piece you're looking for.

For the non-specialist collector

Our specialist reputation brings with it a penalty, as some collectors assume we do not cater for the general collector. This could not be further from the truth – for who better to help build a collection of general GB than a specialist offering a rare combination of comprehensive stocks and expert knowledge?

Whether you have just a few pounds or several thousands to spend on your hobby; from the humblest stamp to the most spectacular exhibition piece – we can help you.

Write, phone, fax or e-mail today to receive complimentary copies of our current lists and an information pack.
